DETAILED ACTION

1. Amendment filed on 1/30/07 has been received.

Claim Rejections - 35 USC § 102

2. The following is a quotation of the appropriate paragraphs of 35 U.S.C. 102 that form the basis for the rejections under this section made in this Office action:

A person shall be entitled to a patent unless –

(b) the invention was patented or described in a printed publication in this or a foreign country or in public use or on sale in this country, more than one year prior to the date of application for patent in the United States.

3. Claims 6-12 are rejected under 35 U.S.C. 102(b) as being anticipated by Fulmer et al (U. S. Patent no. 4,681,196).

See figures valve 100 which controls booster 10 that sets the brakes. Clutch pedal switch 128 which detects the clutch position. Vehicle attitude switch 140 to detect an inclination. Regarding the time delay for turning off the holding mode, see column 7 lines 21-38.

Response to Arguments

4. Applicant's arguments filed 1/30/07 have been fully considered but they are not persuasive. Applicants state that the clutch pedal switch does not meet the limitations of the claim. The examiner disagrees. The instant invention is measuring clutch displacement not actual takeover as stated in the claims. The pedal displacement corresponds to clutch displacement. Applicants further fails to describe how the time delay as presented by Fulmer et al does not read upon the claim.

Art Unit: 3683

5. Applicant's amendment necessitated the new ground(s) of rejection presented in this Office action. Accordingly, **THIS ACTION IS MADE FINAL**. See MPEP § 706.07(a). Applicant is reminded of the extension of time policy as set forth in 37 CFR 1.136(a).

A shortened statutory period for reply to this final action is set to expire **THREE MONTHS** from the mailing date of this action. In the event a first reply is filed within **TWO MONTHS** of the mailing date of this final action and the advisory action is not mailed until after the end of the **THREE-MONTH** shortened statutory period, then the shortened statutory period will expire on the date the advisory action is mailed, and any extension fee pursuant to 37 CFR 1.136(a) will be calculated from the mailing date of the advisory action. In no event, however, will the statutory period for reply expire later than **SIX MONTHS** from the date of this final action.
